

## **BRIEFING NOTE – Change of AeroShell Grease Shelf Life**

The purpose of this note is to announce that the shelf life of AeroShell Grease has been increased to 6 years. The increase in shelf life to 6 years will be applied to all pack sizes and for the following products:

AeroShell Grease 5  
AeroShell Grease 6  
AeroShell Grease 7  
AeroShell Grease 14  
AeroShell Grease 22  
AeroShell Grease 33  
AeroShell Grease 58  
AeroShell Grease 64

The Certificate of Analysis will be reflected to state: *“Shelf life of AeroShell Grease is 6 years from the date of manufacture. The validity of shelf life is based on the container remaining unopened, undamaged and stored under shelter at constant ambient temperature condition.”*

Certificate of Analysis for previous batches of AeroShell Greases in the market cannot be re-issued. The revised shelf life of 6 years can be applied to existing batches of AeroShell Grease, provided they have been unopened, undamaged and stored under shelter at constant ambient temperature condition.
